

IDEA MOE

1

OVERVIEW:

MAINTENANCE OF EFFORT

IDEA / SPECIAL EDUCATION

Entitlement funds under IDEA are awarded on a non-competitive basis for programs and services to students with disabilities

Preschool (PS)

Provides funds for special education services to children ages 3 to 5

Flow-through (FT)

Provides funds for special education services to children ages 3 to 21

Types of IDEA Entitlement Grants

Definition

MOE

- Requirement that a certain level of state and local funding is maintained from year to year
- Different rules depending on the federal program
- Analysis of program expenditures not funded with grants

IDEA MOE Regulations

4

- SEA – IDEA prohibits a state from reducing state financial support for special education below the amount of that support for the preceding fiscal year. (34 CFR §300.163)
- LEAs – IDEA requires that LEAs must budget and expend the same amount of local funding for special education as it expended in the previous fiscal year. (34 CFR §300.203)

Four Possible Ways to Pass MOE

5

- An LEA needs to only meet ONE of the following comparison tests:
 - 1) At least the same total combination of local and state funds were expended as the last year the LEA expended the most local and state funds on special education activities.
 - ✦ Projects 011, 019, 091 and 092 less certain revenues
 - 2) At least the same amount of local funds were expended as the last year the LEA expended the most local funds on special education activities.
 - ✦ Fund 10 to 27 transfer

Four Possible Ways to Pass MOE

6

- 3) At least the same student per capita amount from local and state funds were expended as the last year the LEA expended the most local and state funds on special education activities.
 - ✦ Calculation from test 1 divided by fiscal year's MOE child count (pulled from ISES)
- 4) At least the same student per capita amount from local funds were expended as the last year the LEA expended the most local funds on special education activities.
 - ✦ Fund 10 to 27 transfer (test 2) divided by fiscal year's MOE child count (pulled from ISES)

OSEP Clarification – September 2013

**Regulations state: “as it expended
in the *previous fiscal year*”**

**Use the previous fiscal year as a
comparison, *only* if in the
previous year the LEA spent the
same or more than it did in the
second preceding year.**

**Instead of saying
‘previous fiscal year’
we’ll say ‘last year met’**

Exceptions for Lowering MOE

8

- Voluntary departure or departure for just cause of special education personnel.
- Decrease in enrollment of students with disabilities.
- A student with exceptional special education costs moves out of the district, ages out, or no longer needs the program.
- The purchase of costly capital, such as a special education vehicle, is paid out.
- The assumption of the student's program costs by Wisconsin's special education high cost aid for a student with a disability.
- The 50% Rule

Utilizing MOE Exceptions

9

- Multiple exceptions may apply:
\$75,000 in exceptions:
 - ✦ \$20,000 - decrease in the number of students with disabilities
 - ✦ \$40,000 staff retirement
 - ✦ \$15,000 tied to individual student who graduates
- If exceptions are approved, LEA maintains the new reduced MOE expenditure level

IDEA Regulation Comments on §300.204

OSEP Letter to White

Specifically states that savings due to the negotiated reduction in staff benefits did not qualify as an exception

COST SAVINGS: Not allowed exceptions

Decrease in costs due to:

- Employee contributions to WRS
- Switching health insurance programs
- Changing the OPEB contribution
- Converting to HRA systems
- Position eliminations
- Withdrawal from shared programs
- Transportation contract savings

Local Maintenance of Effort

11

Eligibility Test

- Local special education budget amounts compared to a prior year's actual expenditures (last year met)
- Determines whether an LEA is "eligible" to receive the IDEA grant

Compliance Test

- Local special education actual current year expenditures compared to a prior year's actual expenditures (last year met)
- Determines whether an LEA is in final compliance with the MOE requirement

How DPI uses existing
data to monitor MOE
Eligibility & Compliance

Fiscal Data - Budget

PI 1504
Special Education
Budget Report

Submitted to DPI's
School Financial
Services Team

(Due in December
for current fiscal
year)

- LEAs submit all Fund 27 (special education) planned expenses including locally funded and grant funded expenses.
- Usually submitted by the LEA's Business Office.
- Data is used in LEA's MOE calculation to determine IDEA grant eligibility.

Fiscal Data-Expenditures

PI 1505
Special Education
Annual Report

Submitted to DPI's
School Financial
Services Team

(Due in September
for previous fiscal
year)

- LEAs submit all Fund 27 (special education) expenses including locally funded and grant funded expenses.
- Usually submitted by the LEA's Business Office.
- Data is used to determine LEA's state special education categorical aid ***and*** IDEA MOE compliance.

Child Count Data

Individual Student Enrollment System (ISES)

Submitted to DPI's Data Management & Reporting Team

- October 1 Child Count
- Looks at an LEA's "financial" responsibility for the student
- Used to determine a "per capita" expenditure amount for purposes of MOE
- Used to determine amount for "decrease in students with disabilities" exception

Testing for Eligibility and Compliance

Web-based MOE Reports

17

- New layout launched February 2014
- Accessed through the Special Education web portal
- Pulls financial data from the 1504 and 1505 special education reports and ISES child count information
- Calculates the four MOE tests
- Allows the LEA to submit exceptions if failing all four tests
- Allows the LEA to run scenarios to determine future compliance

Passed Under Previous Rules, Making FY 13 Last Year Met	27-000000-000-000	\$290,464.82	View Delete Edit	Approved

Fiscal year 2013 was completed prior to OSEP’s clarification. If an LEA passed one of the four tests in FY 2013, then we added an administrative exception so that all four tests ‘passed’ for 2013, making this the last year met. For those LEAs, FY 2014 will be compared to FY 2013 for eligibility and compliance. The attachment with this exception is a screen shot of the LEA’s MOE report from the former system.

Despite Exceptions, Failing MOE

38

Failing Eligibility Test

- LEA may not receive an IDEA allocation for fiscal year tested.
- May continue to access any carryover funds from previous year

Failing Compliance Test

- LEA must repay an amount equal to the short-fall
- Must use LOCAL funds for repayment
- Possible single audit finding

Failing MOE Compliance

39

- Expenditure levels are not “reset” – the last year met will be the last year the LEA passed one of the comparisons.
- Changes to the immediate prior fiscal year ends September 30. Always. Shifting funds previously claimed under the grant to local funds must be done prior to September 30.

There has never been a time when communication between the special education office and the business office has been more important.

Special Education/Business Office

TOGETHER

- Are both offices familiar with:
 - DPI's technical assistance?
 - The account numbers used in the calculation?
 - The special education local budget?
 - The child count numbers and their accuracy?
 - The difference between actual financials as compared to the budgeted financials?
 - Any known MOE exceptions?

Understand Where Expenses Are Coded

42

- Has there been analysis done of how expenses are being coded, or is it a practice of “always done that.”
- Are IDEA funds being carried over from year to year, or used on non-essential items, while the local special education costs are inflating?
- When unplanned expenditures arise, how is where the costs charged examined?

Understand Why Effort Was Reduced

43

- Plan ahead – understand the “why” if local costs are going to decrease
- If the “why” doesn’t include allowable exceptions, develop long-term plans
 - Move special education costs off IDEA grant to local to boost level back up to required amount
 - Use the freed-up IDEA funds on collaborative initiatives!
 - ✦ Coordinated Early Intervening Services
 - ✦ Title I Schoolwide Set-Aside
 - ✦ Professional Development or Tuition Reimbursement

What's Next: DPI

44

- MOE guidance will be updated to reflect the new software and OSEP clarifications.
- Tweaking the software so LEAs that passed in FY 2013 will have that year as last year met in FY 2014.
- Finish FY 2013 compliance examination. Currently 30 LEAs are failing MOE compliance.
- Finish FY 2014 eligibility examination.

What's Next: LEAs

45

- Check out the new software
- Verify that FY 2013 compliance has been met (if not, DPI will be making contacts soon)
 - Verify that exceptions submitted under the old software are still there – they should be, but glitches happen
- Verify that FY 2014 eligibility is being met (if not, DPI will be making contacts soon)
- Provide feedback – let us know what you like / dislike
